Big Heart Prospect

By CEIDC Administration | Mar 13, 2019

Our Executive Director, James Gentry, has put the finishing touches on a letter of intent for an IT services company after the CEIDC board voted to authorize the director to move forward. The ultimate goal of this prospective employer is to add 100 new IT jobs to the Crockett community within its first four years of operation here.

Industrial Strength

By CEIDC Administration | Feb 11, 2019

Houston County is no stranger when it comes to industrial manufacturing and business growth. The CEIDC's ability to facilitate the consolidation of three out-of-county sites into one site in Crockett has allowed Elastotech Southwest to expand and hire additional local employees over the last eight years. As a leader in the rubber molding and now the rubber extrusion business, Elastotech is poised to succeed even in volatile economic times.
